

## KASTURBA GANDHI DEGREE & PG COLLEGE FOR WOMEN

(Sponsored & Managed jointly by Osmania Graduates' Association and The Exhibition Society, Hyderabad)

WEST MARREDPALLY, SECUNDERABAD, TELANGANA - 500026

### YEAR OF PUBLICATION – 2017

| S. No | Name of the teacher | Title of the book/chapters published | Title of the proceedings of the conference |
|-------|---------------------|--------------------------------------|--|
| 1     | Dr.M.Shalini        | Programming with C                   | -  |
| 2     | Dr.M.Shalini        | Programming with C                   | -  |
| 3     | Dr.M.Shalini        | Data Structures                      | -  |
| 4     | DR.Rajshree         | Gender sensitization                 | -  |
| 5     | V.Shiva laxmi       | Business Statistics                  | -  |

**Total of book/chapters/conference proceedings: 05**

  
**PRINCIPAL**  
Kasturba Gandhi Degree & P.G. College  
For Women, Marredpally,  
SECUNDERABAD.

As per CBCS Syllabus

# Programming With C

M. Shalini

KALYANI

**AS PER CBCS SYLLABUS**

# **PROGRAMMING WITH C**

*(Exclusively Meant For B.Com. (Computer)  
3<sup>rd</sup> Semester Students of Telangana State)*

**M. Shalini**

*MCA, M.Phil., (Ph.D.)*

Head, Department of Computer Science

Kasturba Gandhi Degree and

PG College for Women, *West Marredpally*

# Contents

| <b>S.No.</b> | <b>Chapters</b>  | <b>Pages</b> |
|--------------|--|--------------|
| 1.           | Introduction to C Language,<br>Data types and I/O Operations | 1.1—1.50     |
| 2.           | Operators, Expressions and Decision Making                   | 2.1—2.40     |
| 3.           | Arrays and Strings   | 3.1—3.35     |
| 4.           | Built-in Functions and User-defined Functions                | 4.1—4.46     |
| 5.           | Structures and Pointers                                      | 5.1—5.42     |
|              | Lab Programs   | 1—45         |
|              | Review Questions with Answers for Internal<br>Assessment     | 1—16         |

Exclusively Meant for B.Com. (Computer)  
3rd Semester Students of Telangana State

### About the Author

M. Shalini completed her MCA from Osmania University and M.Phil from Sri Padmavathi Mahila Vishwa Vidyalayam, Tirupati in the area of Artificial Neural Networks. She is currently pursuing her Ph.D from Bharathiyar University, Coimbatore with specialization in Neural Networks. She has more than 20 years of teaching experience, currently working as Head, Department of Computer Science at Kasturba Gandhi Degree and PG College for Women, affiliated to Osmania University, Hyderabad, Telangana, India. Her research interest includes Artificial Neural Networks, Image Processing, Artificial Intelligence, Web Designing. She has presented and published several papers on International and National Journals.

# Exclusively meant for B.Sc. (2nd Year) 3rd Semester Students of Telangana State

## About the Author

M. Shalini completed her MCA from Osmania University and M.Phil from Sri Padmavathi Mahila Vishwa Vidyalayam, Tirupati in the area of Artificial Neural Networks. She is currently pursuing her Ph.D from Bharathiyar University, Coimbatore with pecialization in Neural Networks. She has more than 20 years of teaching experience, working as Head, Department of Computer Science at Kasturba Gandhi Degree and P.G. College for Women, affiliated to Osmania University, Hyderabad, Telangana, India. Her research interest includes Artificial Neural Networks, Image Processing, Artificial Intelligence and Web Designing. She has published several books in computer science. She has presented and published several papers in National and International Journals.

As per CBCS Syllabus

# Programming in C

With Lab Programs

M. Shalini

```
int main() {  
    int i;   
    for(i=1; i<=10; i++)  
        printf("%d\n", i);  
    return 0;  
}
```

The image shows a collage of computer-related items. In the foreground, there's a laptop keyboard and a white mug. Overlaid on this is a screenshot of a code editor window. The window has a menu bar with 'File', 'Edit', 'Search', 'Run', 'Compile', 'Debug', and 'Project'. The code in the window is a simple C program that prints numbers 1 through 10. The code is: `int main() { int i; for(i=1; i<=10; i++) printf("%d\n", i); return 0; }`

|    | Unit 1 - Review Questions                                 | 1.85 |

## Unit – 2

2.1 – 2.88

|    |  |      |
|----|--|------|
| 1  | 2.1 Input-Output   | 2.2  |
| 2  | 2.1.1 Non-formatted and Formatted Input and Output Functions | 2.2  |
| 3  | 2.1.2 Escape Sequences                                       | 2.9  |
| 4  | 2.2 Control Statements                                       | 2.10 |
| 5  | 2.2.1 Selection Statements - if                              | 2.11 |
| 6  | 2.2.2 if-else  | 2.12 |
| 7  | 2.2.3 nested if  | 2.13 |
| 8  | 2.2.4 nested if-else   | 2.14 |
| 9  | 2.2.5 comma operator   | 2.16 |
| 10 | 2.2.6 conditional operator                                   | 2.18 |
| 11 | 2.2.7 switch   | 2.18 |
| 12 | 2.2.8 Iterative Statements—while                             | 2.20 |
| 13 | 2.2.9 for  | 2.21 |
| 14 | 2.2.10 do-while  | 2.23 |
| 15 | 2.2.11 Special Control Statement—goto                        | 2.24 |
| 16 | 2.2.12 break   | 2.25 |
| 17 | 2.2.13 continue  | 2.26 |
| 18 | 2.2.14 return  | 2.27 |
| 19 | 2.2.15 exit  | 2.28 |

|                 |   |                   |
|-----------------|---|-------------------|
| 20              | 2.3 Arrays and Strings                            | 2.29              |
| 21              | 2.3.1 One-dimensional Arrays                      | 2.33              |
| 23              | 2.3.2 Character Arrays                            | 2.34              |
| 24              | 2.3.3 Functions from ctype.h                      | 2.40              |
| 25              | 2.3.4 string.h                                    | 2.45              |
| 26              | 2.3.5 Multidimensional Arrays                     | 2.57              |
|                 | Unit 2 - Programs for Practice                    | 2.59              |
|                 | Unit 2 - Internal Assessment Question and Answers | 2.87              |
|                 | Unit 2 - Review Questions                         | 2.84              |
| <b>Unit – 3</b> |   | <b>3.1 – 3.52</b> |
| 1               | 3.1 Functions                                     | 3.1               |
| 2               | 3.1.1 Concept of Function                         | 3.2               |
| 3               | 3.1.2 Using Functions                             | 3.4               |
| 4               | 3.1.3 Call-by-Value Vs Call-by-reference          | 3.11              |
| 5               | 3.1.4 Passing Arrays to Functions                 | 3.13              |
| 6               | 3.1.5 Scope of Variables                          | 3.16              |
| 7               | 3.1.6 Storage Classes                             | 3.18              |
| 8               | 3.1.7 Inline Functions                            | 3.23              |
| 9               | 3.1.8 Recursion                                   | 3.24              |
| 10              | 3.2 Pointers                                      | 3.26              |
| 11              | 3.2.1 Introduction                                | 3.26              |
| 12              | 3.2.2 Address of Operator (&)                     | 3.26              |
| 13              | 3.2.3 Pointer                                     | 3.27              |
| 14              | 3.2.4 Uses of Pointers                            | 3.28              |

| 16              | 3.2.6 Pointers and Strings                        | 3.32              |
| 17              | 3.2.7 Pointers to Pointers                        | 3.32              |
| 18              | 3.2.8 Array of Pointers                           | 3.34              |
| 19              | 3.2.9 Pointer to Array                            | 3.35              |
| 20              | 3.2.10 Dynamic Memory Allocation                  | 3.35              |
|                 | Unit 3 - Programs for Practice                    | 3.38              |
|                 | Unit 3 - Internal Assessment Question and Answers | 3.47              |
|                 | Unit 3 - Review Questions                         | 3.51              |

## Unit - 4

4.1 - 4.3

|    |   |               |
|----|---|---------------|
| 1  | 4.1 User-defined Data Types                         |               |
| 2  | 4.1.1 Declaring a Structure (Union) and its members | 4.1           |
| 3  | 4.1.2 Initialization of Structure (Union)           | 4.3           |
| 4  | 4.1.3 Accessing members of a Structure (Union)      | 4.5           |
| 5  | 4.1.4 Array of Structures (Union)                   | 4.7           |
| 6  | 4.1.5 Structures Vs Unions                          | 4.11          |
| 7  | 4.1.6 Enumeration Types                             | 4.13          |
| 8  | 4.2 Files   | 4.16          |
| 9  | 4.2.1 Introduction                                  | 4.16          |
| 10 | 4.2.2 Using Files in C                              | 4.18          |
| 11 | 4.2.3 Working with Text Files                       | 4.20          |
| 12 | 4.2.4 Working with Binary Files                     | 4.25          |
| 13 | 4.2.5 Files of Records                              | 4.26          |
| 14 | 4.2.6 Random Access to Files of Records             | 4.28          |
| 15 | 4.2.7 Other File Management Functions               | 4.28          |
|    | Unit 4 - Programs for Practice                      | 4.28          |
|    | Unit 4 - Internal Assessment Question and Answers   | 4.32          |
|    | Unit 4 - Review Questions                           | 4.35          |
|    | <b>Lab Programs</b>                                 | <b>1 - 23</b> |
|    | <b>Model Question Paper</b>                         | <b>1 - 2</b>  |
|    | <b>Previous Question Paper</b>                      | <b>1 - 2</b>  |

For B.Sc. 1st Semester Students of Telangana State

## About the Author

M. Shalini completed her MCA from Osmania University and M.Phil from Sri Padmavathi Mahila Vishwa Vidyalayam, Tirupati in the area of Artificial Neural Networks. She is currently pursuing her Ph.D from Bharathiyar University, Coimbatore with specialization in Neural Networks. She has 22 years of teaching experience, working as Head, Department of Computer Science at Kasturba Gandhi Degree and PG College for Women, affiliated to Osmania University, Hyderabad, Telangana, India. She has published several books in Computer Science and has been a recipient of prestigious IRDP (Innovative Research Developers and Publishers) Award 2018 for outstanding excellence and remarkable achievements in the field of Teaching, Research and Publications. She has presented and published several papers on International and National Journals. Her research interest includes Artificial Neural Networks, Image Processing, Artificial Intelligence and Web Designing.
